

PILOT MOUNTAIN PAY BACK

Due to weather damage and in the interest of the longevity of the park, this race will have to be postponed. I do apologize for the change, but Mother Nature just isn't going to let up this time around. Even on this day, the mountain section is covered in at least 6" inches of ice and is extremely unsafe. A reroute involving more of the Yadkin Park trail was a great possibility; however, the immense rains have caused quite a bit of damage to the dirt roads that serve as portions of the course and access to the start/finish area (today's weather didn't help). Please understand that State Park personnel have put their best efforts forward in order to make the park available and are doing a great job.

Please see the following for more info:
